CONSIGNMENT & SALES AGREEMENT

VERSION 3.0

Plain-language scope. This is a contract of commission under Articles 1731 et seq. of the Italian Civil Code. Cards Hub receives and safeguards the trading cards identified in the Item Manifest and may sell them in its own name for the Consignor's account. Consignment describes custody only: delivery is not a sale to Cards Hub and does not transfer ownership to Cards Hub.

AGREEMENT DETAILS

Agreement ID *	Effective date *	Consignor code	Cards Hub operator *

CONSIGNOR AND PAYOUT DETAILS

☐ Private individual ☐ Consumer ☐ Business / professional ☐ Authorized representative

Legal name / company *	Email *
Mobile *	Country / tax residence *
Residential / registered address *	Tax code / VAT ID
Payout account holder *	Currency *
IBAN / account number *	BIC / SWIFT

SELECTED SALES CHANNEL AND VERSIONED PAYOUT ATTACHMENTS

○ Traditional eBay ○ eBay Live ○ Mixed - Item Manifest controls

Rates are not printed in the Core Terms. The applicable signed Attachment A controls Traditional eBay economics and the applicable signed Attachment B controls eBay Live economics. Each applicable attachment is an integral and substantive part of this Agreement. A selected channel may not be used unless its attachment title, version and issue date are completed below and the attachment has been received and accepted.

Attachment A - Traditional eBay Payout Rates

☐ Received and accepted

Version *	Issue date *	Document / file reference *

Attachment B - eBay Live Payout Rates

☐ Received and accepted

Version *	Issue date *	Document / file reference *

KEY ACKNOWLEDGEMENTS

☐ I own the items or am fully authorized to consign them and have disclosed all material issues.

☐ I received and accept each applicable payout attachment and settlement method.

☐ Every lot must expressly select Reserve Price, Minimum Net Payout or No Reserve.

☐ Once an eBay auction starts online, the instruction for that lot is irrevocable.

1. Parties and Legal Character

Cards Hub S.r.l., Via Giacomo Matteotti 4, 42122 Reggio Emilia (RE), Italy, VAT/Tax ID IT03130470358, REA RE-370083, PEC cardshubsrl@pec.it ("Cards Hub") and the person identified on page 1 (the "Consignor" or "Committente") enter into this contract of commission under Articles 1731 et seq. of the Italian Civil Code. Cards Hub is the commission agent ("Commissionario"), acts in its own name for the Consignor's account and is the seller of record toward the eBay buyer. Consignment describes delivery and custody only. This Agreement is not a purchase by Cards Hub, partnership, employment relationship, agency with representation or general power of attorney. Internal allocations never reduce mandatory buyer rights.

2. Agreement Package and Order of Precedence

This Agreement includes the completed Item Manifest, signed Special Terms, later written item instructions and every applicable accepted Attachment A or B identified on pages 1 and 8. General legal terms are governed by this Agreement; payout percentages, fixed charges and channel-specific economics are governed by the applicable payout attachment; lot-specific facts and execution choices are governed by the Item Manifest. Signed Special Terms modify another provision only when they expressly identify the provision or field changed. No website page, social graphic or unsigned rate card changes this Agreement.

3. Exclusive Appointment and Buyer-Facing Role

For each accepted lot, the Consignor appoints Cards Hub exclusively to receive, record, store, describe, photograph, market, list, present and sell the lot in Cards Hub's own name for the Consignor's account. Cards Hub may collect buyer funds, communicate with buyers and marketplaces, issue transaction documents, ship, receive returns and take commercially reasonable steps to complete, reverse, defend or settle a transaction. Cards Hub may refuse or reject an item before listing for authenticity, title, safety, compliance or commercial reasons.

4. Sales Channels

Traditional eBay includes auction-style, fixed-price and offer-enabled eBay listings. eBay Live includes presentation and auction during a livestream. Mixed consignments are controlled lot by lot by the Item Manifest. Cards Hub may determine compliant listing format, lot order, pacing, host description, scheduling and reasonable rescheduling, but may not override a completed mandatory sale instruction. A rate from one channel is never combined with a rate from another channel.

5. Delivery, Intake and Evidence

Inbound delivery risk remains with the Consignor until Cards Hub records physical receipt. A courier scan does not prove contents, identity, condition or acceptance. Cards Hub may video opening, photograph packaging and items, record serial or certification numbers, visible condition and discrepancies, and assign a lot ID. The intake record is transaction evidence, not a grading opinion. Any documented objection must be sent within three Business Days after the record is made available. Items not accepted remain subject to return arrangements and documented costs.

6. Ownership, Authority and Disclosure

Ownership remains with the Consignor while a lot is held for sale and never transfers to Cards Hub merely because of delivery, listing or custody. The Consignor grants Cards Hub authority to dispose of the lot under this Agreement. For each item the Consignor warrants lawful ownership or full authority, transferable title and no lien, theft report, adverse claim, counterfeit feature, undisclosed alteration, unlawful provenance or export restriction. Damage, trimming, recoloring, restoration, autograph issues, prior grading or rejection, certification anomalies and every material buyer-facing fact must be disclosed.

7. No Guarantee and Condition Description

Cards Hub does not guarantee acceptance, sale, timing, buyer, grade, authentication decision, market value, liquidity, profit or outcome except an expressly accepted Reserve Price or Minimum Net Payout implemented under Clause 8. Targets, estimates and indicative values are planning information only. Cards Hub may prepare titles, translations, images, condition notes and disclosures in good faith from inspection, information supplied by the Consignor and platform rules. Third-party grading is an opinion and not a Cards Hub warranty.

8. Mandatory Sale Instruction for Every Lot

Before listing, every lot must select exactly one option in the Item Manifest: (a) Reserve Price, meaning the minimum gross sale price enforced by an eBay-supported reserve or equivalent starting price; (b) Minimum Net Payout, meaning the minimum Net Payout due if the sale reaches Final Settlement, excluding a valid reversal or a Consignor breach; or (c) No Reserve, meaning the Consignor expressly accepts that the highest valid bid may bind at any price, even materially below expectations. A blank, multiple selection or missing amount for Reserve Price or Minimum Net Payout is invalid and the lot must not be listed. Cards Hub converts an accepted Minimum Net Payout into a recorded, platform-supported Required Gross Threshold before listing and may refuse the instruction if the channel cannot reliably implement it. A Cards Hub configuration or calculation error never converts the instruction into No Reserve and is borne internally by Cards Hub unless the Consignor later ratifies a change in writing.

9. Auction Start and Irrevocability

An unlisted lot may be withdrawn on ten Business Days' written notice, subject to accrued and approved costs. From the moment an auction starts online on eBay, the Consignor expressly undertakes not to revoke or vary the appointment and grants Cards Hub limited irrevocable authority to complete that auction, subject only to mandatory law, an eBay direction, material listing error, documented fraud concern, loss or damage, buyer non-payment or other documented just cause. For Traditional eBay, an auction starts when the listing becomes publicly active and capable of receiving bids or pre-bids; a draft, preview or merely scheduled listing is not an Auction Start. For eBay Live, it starts when the lot is opened for bidding. Cards Hub may disregard a contrary instruction to the fullest extent permitted by law. A low or disappointing price is never just cause. An attempted revocation after Auction Start is a material breach and makes the Consignor liable for directly caused, documented costs and loss. A fixed-price or offer-enabled listing becomes irrevocable upon a binding order or accepted offer.

10. Buyer Contract Formation, Cleared Sale and Final Settlement

Buyer Contract Formation occurs when eBay records a binding winning bid, order or accepted offer under the applicable platform rules. For an auction this normally occurs at the official close with the highest valid bid meeting any platform-enforced reserve, or with the highest valid bid for No Reserve. From that point the Consignor may not revoke the underlying instruction. A Cleared Sale occurs after Cards Hub receives the full buyer payment as cleared funds and any initial authentication or payment control is satisfied. Final Settlement occurs after delivery, any applicable cancellation or return period, and all item-specific marketplace, fraud, title, authenticity, tax, shipping or chargeback holds have expired, been resolved or been covered by an objective Risk Reserve. Final Settlement is an internal accounting and payout milestone only; it does not delay buyer contract formation, title or risk rules, or any mandatory buyer right. A cancelled, refunded or reversed transaction is a Reversed Sale and is not a Final Settlement.

11. Transfer of Title to the Buyer

As between Cards Hub and the Consignor, Cards Hub is authorized to transfer valid title to the buyer under the buyer contract. The Parties intend that buyer title shall pass no earlier than receipt by Cards Hub of the full cleared purchase price, to the extent consistent with mandatory law, applicable eBay terms and the buyer-facing listing. This does not alter mandatory consumer rules on delivery or risk of loss. If a completed transaction is lawfully reversed and the same item is returned and verified, settlement and title records will be adjusted accordingly. Cards Hub may not pledge, encumber or use the item for a purpose outside this Agreement.

12. Payout Attachments and Net Payout

The applicable Attachment A or B states the payout percentage, any fixed sold-lot charge and channel-specific conditions. Unless that attachment states otherwise, Net Payout equals cleared item sale proceeds multiplied by the accepted payout rate, less only separately disclosed or directly attributable shipping adjustments, international, promotional, reserve or currency charges, Approved External Costs, buyer refunds or rebates, chargebacks, dispute costs, taxes or withholding required by law, and a Risk Reserve permitted by Clause 13. Shipping paid by the buyer is applied to fulfilment and is not normally payable to the Consignor. The itemized settlement statement controls the calculation.

13. Objective Risk Reserve and Release

The ordinary Risk Reserve is zero unless a documented trigger in the Risk Reserve Matrix on page 6 exists. The reserve may not exceed the documented maximum exposure attributable to the affected lot or the actual provider hold allocated under that matrix. Within two Business Days after imposing it, Cards Hub must identify the lot, trigger, evidence summary, amount, calculation and review date in the settlement statement or a written notice and must pay the undisputed balance on time. Reserves are reviewed at least every fifteen Business Days and reduced as exposure falls; the unused balance is released within five Business Days after final resolution. No reserve may be retained for general liquidity, market movement or abstract commercial risk. The 180-day long-stop applies unless a named dispute, investigation, legal hold or provider case remains formally open, with updated notice every thirty days thereafter.

14. Returns, Chargebacks and No Star del Credere

Cards Hub may accept or contest a return, cancellation, authenticity claim, payment dispute, delivery claim or chargeback according to law, evidence and marketplace rules. Cards Hub does not assume a star del credere obligation under Article 1736 of the Italian Civil Code and does not guarantee buyer performance unless a separate written agreement expressly states that guarantee and its additional compensation. Cards Hub may reverse settlement, recover an attributable overpayment from future payouts or invoice the Consignor. Non-refundable charges remain deductible. Cards Hub will use reasonable efforts to pursue a materially substituted return, carrier claim, marketplace claim or insurer claim but does not guarantee recovery.

15. Auction Integrity and Shill Bidding

The Consignor, beneficial owner, family or household member, employee, agent, affiliate, nominee, financed person, reimbursed person or controlled account must not bid on, buy, arrange bids on, manipulate or artificially support the price, desirability, feedback or search standing of a consigned lot. Bid shielding, coordinated bidding, false bids, manipulative bid retractions, identity concealment and reimbursement of a bidder are prohibited. Cards Hub, its owners, hosts, personnel and affiliates are subject to the same prohibition. A connected person may purchase at a fixed public price only after prior written disclosure and Cards Hub approval and only where permitted by eBay. Cards Hub itself may purchase a lot only before Auction Start under a separate written purchase agreement stating the price; that purchase is not a transaction under this commission. Suspected conduct may cause evidence preservation, suspension, cancellation where lawfully possible, reporting to eBay or authorities, termination and recovery of directly caused, documented costs and losses.

16. No Off-eBay Transaction and Non-Circumvention

During the mandate the Consignor must not directly or indirectly list, solicit, negotiate, accept payment for or sell a consigned lot outside Cards Hub and eBay. The Consignor must not move an eBay-originated transaction to social media, bank transfer, another marketplace or a connected person, and must not share or request contact or payment information to facilitate an off-platform sale. Enquiries must be referred to Cards Hub. For six months after lawful withdrawal or expiry, this restriction continues only for a buyer, bidder or lead first introduced through Cards Hub, an eBay listing or an eBay Live event. A breach entitles Cards Hub to the commission that would have applied to the higher of the actual off-platform price and the last accepted Reserve Price or Minimum Net threshold, plus directly caused platform charges and documented loss, subject to mandatory law.

17. Custody, Movement and Insurance

Cards Hub will use commercially reasonable care, maintain item-level records and restrict access. Items may move to approved storage, photography, livestream, event, grading, authentication, courier, buyer or return locations. Before listing, the Item Manifest and page 6 must record an Accepted Insured Value and exactly one coverage status confirmed by Cards Hub; Uninsured requires separate initials. A blank status is not coverage and prevents listing. Declared or indicative value alone does not create coverage. Applicable policy limits, territorial scope, deductibles, exclusions, aggregation limits, evidence duties and insurer acceptance remain applicable. Inbound risk stays with the Consignor until recorded receipt; insured return risk transfers as stated in the shipping instruction and mandatory consumer-facing risk rules remain unaffected.

18. Insurance Proceeds and Liability Measure

Insurance is a risk-transfer mechanism and does not by itself exclude liability for fraud, wilful misconduct, gross negligence or another liability that cannot lawfully be limited. For physical loss or damage in documented custody, the recoverable direct loss is measured by the lower of the Accepted Insured Value and documented fair market value immediately before the event, subject to mandatory law and the specific liability basis. Insurance proceeds are credited against the same loss and no double recovery is permitted. If Cards Hub expressly confirmed coverage but failed through its breach to place or maintain it, insurer non-payment does not automatically reduce Cards Hub's otherwise applicable liability to zero.

19. Third Parties, Compliance, Content and Records

Cards Hub may use marketplaces, payment providers, graders, authenticators, imaging providers, hosts, venues, storage, couriers, customs, insurers and professional advisers. Subject to mandatory law, Cards Hub is not responsible for an independent third party's decision, outage, insolvency, seizure or misconduct where reasonable care was used in selection and instruction. Each Party must comply with marketplace, consumer, tax, customs, sanctions, anti-fraud, anti-corruption and data-protection rules. The Consignor grants Cards Hub a worldwide, royalty-free licence to photograph, film, livestream, translate and display the item for sale, evidence, archive and anonymized portfolio history. Cards Hub owns its original imaging, listing copy and workflow records.

20. Term, Suspension, Liability and General Terms

This Agreement continues until either Party gives thirty days' written notice, but active lot instructions continue through sale, lawful withdrawal, return and final reconciliation. Cards Hub may suspend immediately for non-payment, suspected illegality, safety, title, authenticity, sanctions, insurer requirement or material breach. Nothing limits mandatory consumer rights or liability that cannot lawfully be limited. Otherwise Cards Hub is liable only for direct, reasonably foreseeable loss caused by its breach, not market movement, lost opportunity, sentimental value or buyer default. The Consignor indemnifies Cards Hub, to the extent lawful, for third-party claims caused by defective title, theft, counterfeit or altered items, false information, prohibited bidding, off-platform circumvention or the Consignor's breach. Italian law applies. Reggio Emilia courts have exclusive jurisdiction for business Consignors; mandatory consumer jurisdiction prevails. Electronic approvals are valid where permitted, invalid terms are adjusted minimally, and the remainder survives.

ITEM MANIFEST AND MANDATORY SALE INSTRUCTIONS

Each lot requires exactly one instruction

The Item Manifest is part of the Agreement. Complete one row per sale lot. A lot may contain one or more cards, but the description must identify every included item or cross-reference a signed inventory. Select the channel and exactly one of Reserve Price, Minimum Net Payout or explicit No Reserve. No Reserve also requires initials in the small box beside that selection. A blank or multiple selection is invalid and prevents listing.

Batch / auction name *	Target auction date	Evidence reference	External cost cap EUR	Attachment version(s) *

LOT	DESCRIPTION / SIGNED INVENTORY REF.	CHANNEL	SELECT EXACTLY ONE	INSTR. AMOUNT	GROSS FLOOR / METHOD	INSURED
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			
		○ Trad. ○ Live	○ Reserve Price ○ Minimum Net ○ NO RESERVE ☐			

☐ Additional signed inventory attached

An additional inventory is valid only if every lot includes a unique lot ID, complete description, channel, exactly one sale instruction, the required amount where applicable, Accepted Insured Value and Consignor initials or signature. Silence never means No Reserve.

EXPLICIT NO RESERVE ACKNOWLEDGEMENT

By initialling No Reserve for a lot, I expressly instruct Cards Hub to offer that lot without any minimum price or minimum payout. Once Auction Start occurs, the highest valid bidder may win at any price. A low or disappointing result is not a ground to withdraw, cancel or reverse the auction.

OBJECTIVE RISK RESERVE MATRIX

Documented trigger	Maximum reserve	Review and release
Open return, cancellation, authenticity claim or chargeback for one lot	Affected unpaid Net Payout plus documented direct exposure	Review every 15 Business Days; release within 5 Business Days after final closure
Actual eBay or payment-provider hold attributable to identified sales	Amount actually held and attributable to the unsettled affected sales	Release within 5 Business Days after provider release
Delivery, title, provenance, fraud, tax or legal investigation	Documented maximum potential exposure attributable to the affected lot	Review every 15 Business Days; 180-day long-stop unless a named case remains open
General account or batch hold not reasonably attributable to one lot	Actual held amount allocated pro rata by gross value among only the unsettled affected sales	Recalculate on each provider release; no allocation to completed unaffected payouts

No reserve may be created for hypothetical market volatility, ordinary operating liquidity or an unconnected transaction. The reserve is not revenue or commission. Any unused amount remains payable to the Consignor.

INSURANCE INSTRUCTION

○ Cards Hub coverage confirmed ○ Carrier-only coverage ○ Uninsured - risk expressly accepted

Uninsured initials ____

Accepted insured value - total EUR ____

Covered custody / movement stages ____

Deductible / allocation ____

Policy / carrier reference (where confirmed) ____

Material limits / exclusions / aggregate sublimits ____

SPECIAL SALE OR COMMERCIAL TERMS

____

Special Terms modify the Core Terms only if they identify the affected clause or field and are signed by both Parties. An unsigned note, chat message, listing comment or social graphic does not change the Agreement.

Consignor initials ____

Cards Hub initials ____

Date ____

P1. Controller and Contact

The controller is Cards Hub S.r.l., Via Giacomo Matteotti 4, 42122 Reggio Emilia (RE), Italy, VAT/Tax ID IT03130470358. Privacy contacts: info@cardshub.it and PEC cardshubsrl@pec.it.

P2. Data, Purposes and Legal Bases

Cards Hub processes identity, contact, document, beneficial-owner, tax, bank and payout data; item ownership, provenance, images and video; communications, instructions, marketplace, buyer, courier, movement, security, technical, transaction and dispute records. Processing is needed to enter into and perform the Agreement and item instructions; comply with accounting, tax, consumer, customs, sanctions, reporting and authority duties; prevent fraud, protect items and premises, establish or defend claims, maintain audit trails and improve operations based on legitimate interests; and send marketing only with consent where required. Required data is necessary to accept items, sell, return or pay out.

P3. Recipients and Transfers

Data may be disclosed on a need-to-know basis to Cards Hub personnel and providers; eBay and other marketplaces or livestream platforms; payment providers, banks, graders, authenticators, imaging providers, couriers, storage, customs, insurers, IT and security providers, advisers, buyers where needed, and competent authorities. Some recipients may be outside the EEA. Cards Hub uses a lawful transfer mechanism where required, including adequacy decisions, Standard Contractual Clauses with supplementary measures or a statutory derogation.

P4. Retention

Contract, accounting, tax, payment and transaction records are retained for statutory periods, generally ten years where applicable, plus any audit or claim period. Identity, provenance, insurance, movement and security evidence is retained for the relationship and the applicable limitation, platform, insurer or dispute period. Marketing data is retained until consent is withdrawn or periodic review. Longer retention applies only for legal hold, authority request, fraud prevention, title or authenticity dispute or another documented lawful need.

P5. Rights and Complaints

Subject to legal conditions, a person may request access, rectification, erasure, restriction or portability, object to legitimate-interest processing, and withdraw consent without affecting prior lawful processing. Direct marketing may be opposed at any time. Requests may be sent to info@cardshub.it or cardshubsrl@pec.it; proportionate identity verification may be required. A complaint may be filed with the Italian Garante per la protezione dei dati personali or another competent supervisory authority. See www.garanteprivacy.it.

P6. Security and Updates

Cards Hub applies safeguards proportionate to risk, including controlled access, movement and audit records, secure communications and provider review. No system is risk-free. Material notice updates will be made available through official Cards Hub channels with a new version date. Necessary processing does not require marketing consent.

ACKNOWLEDGEMENT AND OPTIONAL MARKETING

I acknowledge receipt of this Privacy Notice. This acknowledgement is not consent to processing necessary for the Agreement.

☐ Optional marketing by email ☐ Optional marketing by SMS / messaging ☐ No optional marketing

Consignor name *	Signature / electronic approval *	Date *

EXECUTION AND COMPLETE AGREEMENT PACKAGE

By signing, the Parties accept this Agreement, the completed Item Manifest, the Privacy Notice, any signed Special Terms and each applicable payout attachment identified below. The Consignor confirms accurate information, lawful ownership or authority, receipt of the listed attachments, an opportunity to ask questions or obtain independent advice, and understanding that no eBay auction lot may be revoked after the auction starts online.

☐ Agreement v3.0 ☐ Completed Item Manifest ☐ Signed Special Terms

Attachment A exact title / version / issue date

Attachment B exact title / version / issue date

If Traditional eBay is selected, Attachment A must be identified, delivered and accepted. If eBay Live is selected, Attachment B must be identified, delivered and accepted. Mixed requires both. A missing required attachment means Cards Hub is not authorized to list a lot through that channel. Later rate changes apply only to new or relisted lots after written acceptance and are never retroactive to a Buyer Contract Formation.

CONSUMER EARLY-PERFORMANCE REQUEST

○ Not applicable: non-consumer or not a distance / off-premises contract

○ Consumer asks Cards Hub to wait until the withdrawal period expires

○ Consumer expressly requests performance to begin during the withdrawal period

☐ Consumer acknowledges loss of the withdrawal right after full performance where law permits.

☐ Consumer acknowledges proportionate service charges and non-refundable approved third-party costs after early-start withdrawal.

TRADITIONAL EBAY PAYOUT RATES

HOW THE RATE IS SELECTED
The payout percentage is selected from the gross sale price of each sold item. Items below EUR 20 are accepted as lots only and do not receive an individual-item rate.

GROSS SALE BAND	PAYOUT RATE
Under EUR 20	LOTS ONLY
EUR 20.00 - EUR 49.99	78%
EUR 50.00 - EUR 99.99	82%
EUR 100.00 - EUR 249.99	85%
EUR 250.00 - EUR 499.99	87%
EUR 500.00 - EUR 999.99	89%
EUR 1,000.00 - EUR 2,499.99	91%
EUR 2,500.00 - EUR 4,999.99	93%
EUR 5,000.00 - EUR 9,999.99	94%
EUR 10,000.00 and above	95%

FIXED CHARGE AND SETTLEMENT
EUR 1.49 per sold item is deducted from the payout. Shipping is excluded. International and promotional fees are deducted at cost. Payout is available only after cleared funds and the applicable return period. Any other deduction must be permitted by Clause 12, directly attributable and itemised in the settlement statement.

EBAY LIVE PAYOUT RATES

HOW THE RATE IS SELECTED
Total consignment sales determine the payout rate. For platform calculations, this means the Consignor's aggregate gross proceeds from sold listings in the same eBay Live event. The resulting rate is applied to every sold listing of that Consignor in that event. Items below EUR 20 are accepted as lots only.

GROSS SALE BAND	PAYOUT RATE
Under EUR 20	LOTS ONLY
EUR 20.00 - EUR 49.99	88%
EUR 50.00 - EUR 99.99	90%
EUR 100.00 - EUR 249.99	92%
EUR 250.00 - EUR 499.99	93%
EUR 500.00 - EUR 999.99	94%
EUR 1,000.00 - EUR 2,499.99	95%
EUR 2,500.00 - EUR 4,999.99	95.5%
EUR 5,000.00 - EUR 9,999.99	95.5%
EUR 10,000.00 and above	96%

FIXED CHARGE AND SETTLEMENT
EUR 0.50 per sold listing is deducted from the payout; the eBay Live base fee is included. Shipping, international, promotional and insurance costs are excluded and, when applicable, deducted at cost. Payout is available only after cleared funds and the applicable return period. Every deduction must be directly attributable and itemised.
